PROFESSIONAL EXPERIENCE

SPECIAL SCIENCE TEACHER I

Porferio L. Antipala National High School / December 2023 - January 2026
(Role completed as part of a DOST scholarship service obligation)

- Taught General Mathematics and Statistics and Probability, developing students' quantitative and analytical skills using tools for data processing and analysis.
- Guided student research projects, providing mentorship on data collection, analysis, and interpretation.
- Offered statistical assistance for student research, helping apply appropriate methods and derive insights from data, utilizing SPSS and Excel for data processing and analysis.
- Automated school forms using Excel programming (VBA/ formulas), improving data management efficiency.
- Coordinated the Senior High School ICT Department, managing technology and resources.
- Instructed science subjects (Earth & Life Science, Physical Science), fostering critical thinking and problem-solving.

INFRASTRUCTURE ANALYST I

DXC Technology - Cloud Infrastructure & ITO / Sep 2022 - Dec 2023

- Administered and maintained Windows and Linux (RHEL) virtual machines in enterprise environments.
- Built, configured, and deployed virtual machines based on client specifications and operational requirements.
- Performed server lifecycle management, including provisioning, OS patching, upgrades, migrations, and decommissioning.
- Resolved incidents related to system performance, access issues, and service availability.
- Utilized ServiceNow for incident, request, and change management following ITIL processes.
- Managed and monitored virtual infrastructure using VMware vCenter.
- Generated system performance and administrative reports for enterprise clients.
- Collaborated with infrastructure and operations teams to ensure system stability and compliance.

DATA ANALYTICS TEACHING ASSISTANT

University of the Philippines - Open University / Feb 2023 - January 2024

- Provided technical support for data analytics tools including Excel, SPSS, and Orange.
- Assisted users with software setup, troubleshooting, and workflow optimization.
- Delivered clear technical explanations and documentation for system-related tasks.

WEB DEVELOPER (INTERN)

SCHOOL BOARD / JULY 2021 - JAN 2022

- Developed and maintained web applications using PHP, MySQL, HTML, CSS, and JavaScript.
- Supported backend database integration and system functionality.
- Performed testing, debugging, and documentation of applications.

EDUCATION

BS COMPUTER SCIENCE

University of The Philippines Mindanao / 2018 - 2022

- GWA 1.59
- With Latin Honors: Cum Laude
- Led the development of "School Board," a web-based student management system.
- Relevant coursework: Web-Based System Development, IT Project Management, Database Systems.

BACHELOR OF SECONDARY EDUCATION

Rizal Memorial Colleges / November 2025

- Certificate in Professional Education (CPE)
- Trained in classroom management, assessment strategies, and instructional planning
- Equipped with ICT integration and learner-centered teaching methods
- Specialization: Computer Education

SECONDARY EDUCATION

Holy Cross College of Calinan / 2015-2018

- Accountancy and Business Management (Senior High School)
- With Honors

PERSONAL PROFILE

System Administrator and IT Infrastructure professional with experience managing Windows and Linux server environments, virtual machines, and IT service operations. Skilled in server provisioning, patching, troubleshooting, and lifecycle management using VMware vCenter and ServiceNow. Proven ability to maintain system availability, resolve incidents, and collaborate with cross-functional teams. Strong documentation, user support, and process automation background.

EXPERTISE

Windows and Linux System Administration
Virtual Machine Deployment and Management
Server Provisioning, Patching, and Maintenance
VMware vCenter Administration
Incident, Change, and Request Management (ServiceNow)
System Monitoring and Performance Reporting
User Access and Technical Support
Troubleshooting and Root Cause Analysis
IT Operations and Infrastructure Support
Documentation and Process Improvement

TECHNICAL PROFICIENCIES

- **Operating Systems:** Windows Server, Linux (RHEL, UNIX)
- **Virtualization:** VMware vCenter, Virtual Machines
- **IT Service Management:** ServiceNow (Incident, Request, Change)
- **Server Administration:** Provisioning, patching, lifecycle management
- **Monitoring & Reporting:** System performance reporting, documentation
- **Scripting & Automation:** Python, Excel VBA, formulas (basic automation)
- **Databases & Web:** MySQL, PHP, HTML/CSS, JavaScript
- **Productivity Tools:** MS Office, Google Workspace

CERTIFICATIONS & CONTINUOUS LEARNING

- Microsoft Certified: Azure Fundamentals (AZ-900)
- Oracle Cloud Infrastructure 2023 Foundations Associate (IZO-1085-23)
- Database Management Essentials - Coursera

PERSONAL SKILLS

Creativity
Team building
